

SUCCESS STORY IN RESPECT OF PU V. LALTHANCHHUANGA, PHULLEN

1. Name of Farmers : Pu V. Lalthanchhuanga
2. Name of Project : Improved Jhum (IJ)
3. Location : Tuiriza (Phullen)
6. Year of funding : RKVY (2014 – 2015)
5. Contact No : 9863087712(M)
7. Name of Intervention : **Improved Jhum (IJ)**

Brief note of before the Project: Before adopting Improved Jhum for several years, Mr V. Lalthanchhuanga's rice production was not increased. In 1Ha of land he could harvest only around 18 Qtls. Of Rice. No fertilizers and Chemical were utilized for enhancing rice productivity. No soil conservation measure were taken up. Jhum farming did not contribute to his economy.

After the project: After adoption of Improved Jhum under RKVY Scheme production of Rice increased to 2.2 Qtls. In 1Ha. of Land. After adopting Improved Jhum he could conserve fertility of the soil through application of Fertilizers and bunding which increase his production not only in rice but also in other crops as well. This uplift his economic condition and thus motivate him to adopt Improved Jhum.
