| Gynaecology | 614 (583 diagnosed+31 Undiagnosed) |
| Surgery | 2274 |
| Total | 16835 |

Success Story

- ▶ **Buffalo Bull –Yuvraj of Kurukshetra (1st award in All India cattle show, Muktsar) was also treated for tail injury in our clinics.**
- ▶ **One buffalo of farmer Narender Singh, Didwari, Panipat was treated for abdominal Hernia at our clinics giving best results in milk production and its price rises upto 25.0 lakh. Before treatment its price was just Rs. 1.0 lakh.**
- ▶ **Buff Bull Gholu costs Rs 4 Crore was treated in TVCC Uchani for G.I.disorder.**
- ▶ **So farmers of Eastern Haryana are getting maximum benefits of RKVY projects.**

- ▶ **Ambulance along with accessories and diagnostic instruments (for laboratory, OPD, OT) were purchased and being used for diagnosis and treatment of various diseases at hospital as well as at field level. Thus diagnosis of many diseases became highly specific and sensitive and helped in saving the lives of many animals by adopting specific treatment. Farmers are also getting benefit of Ambulatory services at their doorstep. Clinical camp organized by our team of Regional centre, Uchani, Karnal at adopted village, Phurlak, Dist. Karnal under and RKVY schemes on 29.6.2016. Total 640 animals (cattle, buffalo, pigs,) were clinically examined and treated successfully. Twenty minor surgical cases were also performed. Medicines like Agrimin forte, (Mineral mixture), best worm (Dewormer) and Himalyan Batisa were distributed among farmers for their livestock.**

Other important activities: Clinical camp organized by our team of Regional centre, Uchani, Karnal at adopted village, Phurlak, Dist. Karnal under “Mera Gaon Mera Gourav” and RKVY schemes on 29.9.2016. Total 580 animals (cattle, buffalo, dog) were clinically examined and treated successfully. Twenty minor surgical cases were also performed. Medicines like Agrimin forte, (Mineral mixture), best worm (Dewormer), Hitek (acaricide) and Himalyan Batisa were distributed among farmers for their livestock.
