## HAMIDPUR PATTERN OF COLOUR CAPSICUM

*Hamidpur village is situated 15 km away from Ahmednagar city on Ahmednagar - kalyan highway . Village is always facing scarcity of rain. Average rainfall is 532 mm but this year only 224 mm rain, i.e 45% annual rainfall. Normally people grow Jowar, Mung, Bajra, Tur etc. in kharif season and Jowar, Gram, Wheat etc. are grown in Rabi season. Economical condition of the village is also at average level.*

*Under such critical condition a group of 10 farmers came together with some positive thought of better farming and immediately visited office of the Taluka Agriculture Officer, Ahmednagar and asked about hi-tech cultivation of vegetables in polyhouse. Taluka Agriculture Officer, Ahmednagar advised and gave detailed information about hi-tech cultivation of vegetables in polyhouse and registered Jai kisan and Hrishikesh shetkari bachat gat. Also suggested them to visit Samarth Farmers Club Khandala, Taluka-Shrirampur Dist-Ahmednagar who is cultivating colour capsicum under the guidance of Smt. Chaudhari. During the visit Smt. Chaudhari gave detailed information about their activities of cultivating colour capsicum in Poly house and also suggested to attend the training programme at k.v.k Babhleshwar & HTC Talegaon Dabhade, Pune for additional technical knowledge in the matter.*

*After that TAO Office Ahmednagar send the farmers group to K.V.K Babhleshwar for three day residential training about Hi-tech vegetable cultivation in poly house under NHM. Another 5 days residential training was given in Horticulture Training Center Talegaon Dabhade, Dist. Pune. Then they invited Quotation from different firms for erection of polyhouse. Lowest quotation of Anant Greenhouse Construction, Talegaon Dabhade was accepted and given the contract for erection.*

*One day exposure visit for farmers group was arranged to Kumar Floriculture Bioplants Pvt.Ltd. Pune regarding hi-tech cultivation*

*and forward linkages. Trail plots of colour capsicum, Tomato, Cherri Tomato, Muskmelon & Cucumber were shown to farmers.*

*Proposals for 10 polyhouses of Rs. 75 lakhs for bank was prepared by Shri.Sunil Borude,Sms K.V.K Babhaleshwar and submitted to Bank Of Maharashtra, Branch-Hivre Bazar, Dist.Ahemdnagar After submission of all the necessary documents Bank of Maharashtra sanctioned the loan to the farmers group. And all polyhouse project guidance was given by feild advisor (NHM) Prashant Rasal. All 10 polyhouses has been constructed and they are collectively growing and marketing colour capsicum . Manish Chakurkar of KF- Bio plants,Pune and Sabji Mall in Pune has assured to help the farmers for the marketing of their produce .*

*Hon. Additional Cheif Secretary Dr.Sudhir kumar Goyal and Hon.Commissioner (Agriculture) Shri. Umakant Dangat visited Hamidpur and appreciated and encoureged the farmers and gave best wishes to Hamidpur Pattern for their future.*

*Shri.Sanjay Kandekar from Hamidpur one of the group member & colour capsicum grower said “ We are poor farmers from drought area with very low availability of water and poor economic condition. But now Department of Agriculture and National Horticulture Mission & concerned officers have shown us the success rout of poly house vegetable farming. Capsicum harvesting has been started, four months after plantation and frist picking of 200 kg has got rate of Rs.120 per kg.i.e Rs.24000 per picking. If such high price rate continues each polyhouse will earn near about 6-7 lakhs per year. This is only possible due to subsidy for polyhouse received from District Supritendent Agriculture Officer, Ahmednagar under **National Vegetable Initiative for Urban Clusters project through Rashtriy Krishi Vikas Yojana.**”*
