3	R.Lalengzuala	R.Zakima	New Diakkawn
4	J.Lalramtimai	Thangneihkama	New Diakkawn
5	Thanliana	Sanglianthanga	New Diakkawn
6	Lalnunpuia	Kapliana	New Diakkawn
7	Lalrimawia	Vanthuama	New Diakkawn
8	Lalduhawma	Siana	New Diakkawn
9	Lalrinchhana	Lalduhawma	New Diakkawn
10	Zotuawnga	Kapchhunga	New Diakkawn
11	PC.Zahmingthanga	Vanhnuaiia	New Diakkawn
12	Lalrinsiana	Engzuala	Diakkawn
13	Rorelliana	Ramthanga	New Diakkawn
14	C.Lalhumhima	C.Vanlalvuana	New Diakkawn
15	Saithanmawia	Hlimenthanga	New Diakkawn
16	R.Dengzika	Thlama	New Diakkawn

A. *Before the Project* (Brief write-up on production and cultivation practices in the area/ cluster and general economic condition of the farmers with photographs).

Bungmual cluster has a beneficiary of 18 farmers, where farmers were taking up different activities like rice cultivation cold crops cultivation Oil Palm plantation but due to lack of irrigation of water, there is hindrance of quality and quantity production which generally hampers their economic condition.

B. *After the Project* (Brief write-up on impact of the intervention in farmers economy, production and farming practice in the area/ cluster (including areas created in case of WRC-I & II) with photograph).

Under RKVY Scheme there is construction of Community Harvesting Tank, which helps them to irrigate their rice cultivation, Cole crops cultivation and Oil Palm cultivation, because of a good irrigation facility their production gradually increase which increase their income and uplift the economic condition.
