Release of Android Mobile App for PFMS-Bank Performance Monitoring

A mobile App has been developed for monitoring Bank Performance for Banks Integrated with PFMS. The Application has been designed to be used by Bank Officers for banks integrated with PFMS as well as for Scheme Managers of Govt. of India.

The Application does exception reporting for Beneficiary validation and Payment Files sent to and responses received from Banks for the following KPIs

1. Ack Pending
2. Debit Pending
3. Credit Pending
4. Scroll Pending
5. Account Validation
6. Bank Balances Updation
7. Files in Error
8. SFTP Failure instances

The application provides day wise pendency's for these parameters and provides a handy interface to Banks/Scheme Managers to address any pendency's in payment on the go. Bank Type Users are allowed to view these parameters for Schemes for which their banks are registered. Also Scheme Manager Type Users have been provided the option to monitor pendency for All Banks/For Particular/ Bank wise Pendency.

The User of this application needs to be registered from the PFMS portal and after approval can download the app from Google Play store. Authentication is carried out using an OTP and the user Type is set based on the information provided while registration.

Note: This app is only available for Android users.

Steps to access Mobile App

Step 1: User Registration

First the user will register on the PFMS portal. User registration is a mandatory step in order to access android app. Non-registered users would not be able to access android app.
