	<p>described that RKVY funds will be utilized for Construction of well and rest all the components of these two schemes (Drip, Sprinkler set, Pumpset / Engine, Pipes, Farm pond lining etc.) will be financed through the budgetary provision of these two schemes. He also mentioned that these two schemes are very popular among farmers of SC / ST category and many applications remains pending due to lack of funds, he requested the committee to allocate additional funds for this project if required in current year. Hon. Chairman directed that based on the applications received Secretary (Agriculture) may sanction additional funds to this project.</p> <p>4. SLSC approved to implement plastic lining of Farm Ponds Project on State Scheme norms (Chief Minister sustainable Agriculture Irrigation Scheme)</p> <p>5. MAIDC proposed the Project 'To set up Phosphate Rich Organic Manure (PROM)' at Morshi dist. Amravati with 75% (Rs. 4.97 Cr.) RKVY assistance that of the project cost (Rs. 6.63Cr.), MAIDC has proposed to sell PROM in open market on commercial rates. Hon. Chairman made it clear that if Government is assisting the project to the tune of 75% then PROM should be sold at subsidized rates to the farmers and MAIDC may charge minimal service charges but, it should not earn the profit. He directed MD (MAIDC) to discuss the cost-economics of PROM with Commissioner (Agri.) and shall come up with revised proposal to sell PROM at subsidized rates. Thus the project is approved with a condition that RKVY assistance will be given if PROM made available to farmers at subsidized rates. MAIDC may revise the project accordingly and submit for approval of Hon. Chairman, SLSC through Commissioner (Agri.).</p> <p>6. Two projects viz. 'Establishment of Agriculture Technology Information center as per ICAR structure at Nagpur' and 'Food security army for mechanized farming in rice' are approved conditionally subject to clearance from ICAR / GoI.</p> <p>7. Animal Husbandry department has proposed RKVY assistance to the tune of 75% of the project cost of two projects of NGO / private agency however, it was noticed that department has accepted these projects directly without issuing an Advertisement / EoI. Therefore, following two projects rejected</p> <p>a. Improvement and conservation of Red Kandhari cattle breed of Marathwada and establishment of milk procurement and processing center for sustainable development</p> <p>b. Organization of animal health and breeding input camps to improve the production and productivity dairy animals in Gadchiroli districts'</p> <p>As these two proposals are of private parties, Animal Husbandry Department is advised to follow the prescribed procedure to call proposals from the private parties.</p>
